Here is one of our best producing cows, she continually produce calves than can place if futurities. we are retaining her RC Pacific Pirate heifer to put back into the program. These White Dragon daughters are producing machines. Genetically she brings Drag Iron, Winchester, Tempter and Field of Pearls to the table. she was held back for AI but the drought did not allow that to happen so she is exposed to 50 AMP then Ragnar for 2023 calf.
